MINI ROAD RACING IN JUVAINCOURT

This year's One-Event European Championship of Mini Road Racing was held at the beautiful Circuit Freekart88 in Juvaincourt (France). The 'Mini-Speedweek' started with the free practices on Thursday and the Qualifyings on Friday.

The good weather conditions kept until Saturday morning for the first races. All the second races on Saturday afternoon took place at wet conditions, but also great action was presented.

On Sunday the final races number three were awarded with double European Championship points to all the seven classes. This regulation guaranteed again a lot of interesting fights and also the weather was perfect.

The total 85 riders from eleven European countries were even joined by three riders from South Africa. They were part of the 22 riders starting grid of the Honda NSF 100 Cup.

This new class received special interest and its premiere was very successful. All present were pleased by the good organisation and the challenging track.
